

Let's find out where our candidates stand on the development frenzy throughout Halifax

- Do you believe that HRM's development boom is motivated by real demand or mainly by developer and investor profit?
- Do you believe that accepting campaign donations from developers creates a conflict of interest for councillors? Have you accepted donations from developers or their families?
- Do you believe that circumstances across HRM have changed so drastically that land use by-laws should be disregarded?
- Do you agree that a councillor should not vote on a major development if he/she has never visited its location?
- When local residents are strongly opposed to a development, for what reasons might you vote for it?
- If you are uncertain about a proposal, would you rely on the staff's recommendations?
- Is it OK for HRM to award developers millions of dollars in discretionary development rights but receive nothing in return for municipal initiatives such as affordable housing?
- What is your vision for your district and for all of HRM in the next ten years?
